# CLUSTER CLUB

## **ADRIATIC CLUSTER CLUB PROJECT**

The project, co-financed by the IPA Adriatic Cross Border Cooperation Programme, counts a cross-border partnership composed by 15 partners from 6 different Countries.

The project aims at supporting the creation and reinforcement of cluster systems of the nautical and shipbuilding sectors, with particular reference to SMEs, by enhancing the improvement of the innovation possibilities of territorial and productive systems through cooperation, business opportunities and market research.

### **PROJECT ACTIVITIES:**

#### ***Mapping of the industrial cluster, centers of excellence and companies of the nautical and shipbuilding sector, including subcontracting productions***

Creation of a cross-border database collecting the relevant information related to clusters and centers of excellence located in the project area.  
1000 questionnaire sent for the mapping  
42 clusters mapped  
53 centers of excellence mapped  
200 SMEs involved

## Organization of brokerage events among clusters, centres of excellence and companies of the Adriatic area

Venice (Italy), 20 April 2012 - Venice Boat Show, 117 participants, 340 meetings

Pula (Croatia), 18 October 2012 - Pula Boat Fair, 150 participants, 529 meetings

Ancona (Italy), 25 June 2013 - Offshore Racing Congress, 59 participants, 152 meetings.

## Development of pilot actions for the promotion of technological transfer, for the exchange of competences and product innovation.

- Demonstration of innovation development in renewable energy technologies applied to watercrafts through the reproduction of specifically created videos on a typical Adriatic historical boat, the "Trabaccolo"
- Feasibility study for the creation of a riverside mini marina in Serbia, carried out in full compliance with European standards, with particular attention to environmental aspects.
